\$500 WORTH OF GOODS

**From McGuire Store Found in Un-
used Room Has Led to Burglary
and Arson Charge.**

Centerburg, O., Dec. 19.—Mayor Best and Marshal Evans in making a search of the home of Frank Foster for evidence that two of his sons were engaged in "bootlegging," discovered more than \$500 worth of goods that was stolen from the store of Ed McGuire last Saturday morning shortly after midnight.

As a result of the discovery Clarence Foster, aged about 20 years, and Charles Foster, aged about 24, are under arrest on the charge of burglary and larceny, and another charge of arson will be made against them at once.

It was in the store of Mr. McGuire that the fire started which caused a loss estimated at \$40,000, and two volunteer firemen came near losing their lives in fighting the flames.

The fire was discovered about 3 o'clock last Saturday morning in the rear of the McGuire clothing store. All the lights in the store were out, and while there was every evidence that the place had been set on fire, no evidence could be secured that would link the guilty parties. Monday afternoon the Foster boys were found in an intoxicated condition, and Mayor Best suspected that they were doing an illegal business in the sale of intoxicating liquors. He called in Marshal Evans and a search of the Foster home was made.

In an unused room upstairs was found the pile of stolen goods. There were boots and shoes, neckties, jewelry, socks, handkerchiefs and almost a wagonload of goods which was later identified by Mr. McGuire as being a part of his stock.

NEWARK FEDERAL BUILDING IS TO BE ERECTED ON SHERWOOD SITE, 1st STREET

(Special to the Advocate.)

Washington, Dec. 19.—The government officials have decided to erect the new federal building at Newark upon the Sherwood site on First street adjoining the Hotel Sherwood.

This decision was anticipated in three dispatches to the Advocate last week. Today Congressman Ashbrook received the following communication upon the subject from R. O. Bailey, assistant secretary of the treasury. Several other sites at Newark had been offered, but the fact that the government now owns the Sherwood site was largely instrumental in bringing the officials to the decision here announced.

"By direction of the secretary, I have to advise you that after a most thorough and careful consideration, the Department has decided that, inasmuch as an ornate and satisfactory building of sufficient size, can be erected on the site already owned by the government in Newark, Ohio, within the limit of cost fixed, no change in location is advisable.

"It has been found by a careful

study of the arrangement, that a building of 7000 square feet ground area can be placed on the lot, and this is ample for present needs as well as to allow for future growth of the work of the office, the area obtainable being one thousand square feet in excess of the estimate of the postmaster for ten years' growth.

"There seems to be very little, if any contention that the present site is not well located; the only serious question raised being that on account of the restricted size of the lot a building of sufficient size could not be provided.

"In view of this, and the further fact that to dispose of the present site and buy a new one would result in at least ten thousand dollars, and also cause delay; the above conclusion has been reached.

Respectfully,
R. O. BAILEY,
Assistant Secretary.

It is said that the decision above referred to means that the contract for the Newark building will be awarded in a few months.

PASSED BAR EXAMINATION

Columbus, Dec. 19.—Attracting the most notable array of legal talent ever appearing before a court in this city arguments in the test suit to determine the validity of the owners' compensation act were made before the supreme court here today.

This is considered to be the most important case affecting labor ever brought in the state. Judge F. H. Colles of Cleveland opened the arguments for the assailants of the law at 1:30 p. m. The court announced that all arguments would be made within three hours and that each side was given an hour and a half to present its case.

Attorney Gen. Hogan opened the argument in the defense of the act. He urged that the act was based on the police power of the state and it does not turn upon the infringement of the law of contract as alleged by its opponents. Arguments attacking the law were made by Thomas J. Hodgehead of Cleveland and John J. Lentz of Columbus.

Columbus, O., Dec. 19.—For the first time in more than 100 years, during which it has had institutions for the care of veterans of wars, dependents and delinquents, the state of Ohio has a complete inventory of its property. The inventory was made under direction of the board of administration under authority of the central board act.

Ohio, it is shown, has \$20,276,975.61 invested in 18 institutions. This does not include the Soldiers' and Sailors' Orphans' Home at Xenia, not under central board control, or the Lima State Hospital for the care of criminal insane, now in process of construction.

The inventory shows completely how much money is tied up in the buildings and land, in material, tools, clothing, food supplies on hand of every description, and investments in live stock and furniture. With these figures in hand the board is in a position to make repairs on a systematic basis, instead of in the haphazard way which of necessity has been followed in former years.

The board also will be in a position to recommend the relative needs of the institutions to the general assembly when its finance committees are going over the question of appropriations. The inventory shows that the state owns \$2,486,714.12 in land, and \$15,469,318.12 in buildings. Value of furniture is estimated at \$310,578.51. Estimated value of machinery is \$520,872.21; live stock, \$125,833.26.

Valuation of buildings and land was made for the most part by institution superintendents, who based their calculations on valuation made of surrounding property for purpose of taxation by taxing officials. In a few cases the valuations were given by the total amount of money which the state expended in purchase of land and construction of buildings.

The state has invested in property for the care of veterans of wars, unfortunates and criminals.

POLICE FIND NO TRACE OF FARMHAND MISSING SINCE DISCOVERY OF FOUR HATCHET-HACKED MURDER VICTIMS BURIED UNDER BARN

THE MERNER FARMHOUSE
UNDER WHICH TWO GIRLS WERE FOUND.

Authorities of Rensselaer county, New York, have thus far failed to find any trace of a farmhand employed by Mrs. Conrad Merner, a wealthy widow living ten miles from Troy, and missing since Mrs. Conrad, her two daughters and her son were found murdered and their bodies buried under the barn. The bodies of all were horribly mutilated with a hatchet. The lower picture shows where the mother and the daughters, Edith and Blanche, were discovered, under the stable. It was Jesse Merner, the elder son and the only surviving member of the family, who found the bodies.

approximately \$4 for every person in the state.

Its most valuable institution is the Columbus State Hospital, with nearly \$2,500,000. The hospital is nearly twice as valuable as the penitentiary, which in monetary value takes a low rank among the institutions. A large part of the Columbus Hospital's great value is due to the real estate on which it is situated, which has a high frontage on West Broad street.

The Mansfield reformatory also is \$500,000 more valuable than the penitentiary.

The inventory also shows that the state has invested three times as much in caring for its delinquent boys as it has for its delinquent girls. There are about three times as many residents at the Lancaster institution as there are at the home near Delaware.

The state's most valuable property, from a monetary standpoint, is the statehouse.

TIME FIXED FOR HEARING DIEGLE CASE

Columbus, Dec. 19.—Time for the hearing of the case of Dodney J. Diegle, former sergeant-at-arms of the senate, convicted of complicity in the legislative bribery scandal, was today fixed by the supreme court for Tuesday, January 23. The date was fixed after consulting the wishes of the attorneys for both sides of the case.

Mr. Philip Schneider, B. and O. brakeman, who has been in a Sandusky Hospital, was removed to his home in Maple avenue this Sunday and is improving nicely.

ADVOCATE SALOON LICENSE CLAUSE

Zanesville, O., Dec. 19.—With the prospect of at least 50 saloons opening here Wednesday day and weeks are joining in a movement to secure a saloon license clause in the state constitution.

Carefully revised figures show that Muskingum county decided in favor of the "wets" by a majority of 3,605. Three years ago the county went "dry" by 1,101.

It is declared by those at the head of the saloon-license movement that the well-regulated saloon will wipe out 768 thriving speak-easies.

The Tax, Law and Order League has appointed a committee of business men to act as supervisors of all saloons in the county. The league also will lead the fight for a license clause, on the theory that without the license in Ohio, regulation of the saloon is exceedingly difficult, if not impossible.

NEW MAYOR AND SAFETY DIRECTOR DECLARE THEIR POSITION IN LANGUAGE THAT IS PLAIN

**Keynote is Law Enforcement---Both Promise to
Regulate Saloons in Case Wets Win---Gambling
and All Vice to be Put Under Ban.**

Mayor-elect F. M. Swartz, who on January 1st will become the chief executive of Newark, today emphatically declared his position on law enforcement and reiterated the statement that he made on the night of his nomination.

When asked if he would make a statement for publication, Mr. Swartz handed the reporter a copy of a communication which he had just written and which follows:

To the Business Men and Tax-Payers Protective Association, Newark, O.
Replying to your communication with me, I say that it is my desire to have enforced all laws concerning saloons, in case the county option election permits them, and the Directors I have named have this matter in charge, well knowing my position on these matters.

Slot machines, gambling, Sunday violation and wine rooms will not be tolerated. I will impose heavy fines and prison sentences on all people selling liquor to drunkards or minors or permitting minors to enter saloons and other resorts.

Yours respectfully,
F. M. SWARTZ, Mayor-Elect.
December 19, 1911.

Mayor-elect Swartz has appointed for Director of Public Safety Attorney Wayne Collier. Mr. Collier had also received a communication from the Business Men and Tax-Payers Protective Association. He furnished the Advocate with the following copy of his reply to the communication which explains his position as follows:

Newark, O., Dec. 19, 1911.
The Business Men and Tax-Payers Protective Association, Newark, O.
Gentlemen:—Your communication received and in reply will say that within the past few days I have been repeatedly questioned as to my position on temperance and my attitude toward saloons if the county votes wet or dry.

Prematurely declaring myself, but in answer to you and these queries, will say that I am actuated by neither wet nor dry organizations nor any desire to serve either side in this campaign. Believing that liquor is not necessary to good citizenship, three years ago I voted dry. I still favor temperance, but doubt very much if this end can be accomplished through the operation of the Rose County Option law. I do not believe this law is conducive to temperance and it must be thoroughly understood that a vote under this law is one against saloons and not one against drink. I feel that saloons should be restrained and regulated and temperance ultimately reached through education and persuasion.

When entering upon my duties as Safety Director I will represent the Law and not any element, political faction, party or creed. I will deal with the saloon as with all other matters—with the law as a basis, respecting equal rights to all and special privileges to none. Saloons will be compelled to conduct orderly places if they would care to continue in business. I will not stand for Sunday selling, gambling, schemes of chance, wine rooms for women and selling liquor to habitual drunkards and minors. With your assistance I will endeavor to procure a proper screen ordinance.

Should the county vote dry I will do the best I can.

It is my desire to assist in giving Newark a good clean business administration, and hope that what attention my office may require might be directed in other ways than solely toward saloons.

Trusting this answers you, I remain,
Yours truly,
WAYNE COLLIER.

OPTION ELECTION SOUGHT.

Gallipolis, Dec. 19.—Petitions for a local option election in Gallia county were circulated today. The county voted dry three years ago and a hot fight is promised this time.

HOUSE IS IGNORED BY TAFT

**In the Cancellation of
the Russian Treaty
of 1832**

DEMOCRATIC LEADERS

**Claim Credit for the Abrogation
and Say President is "Stealing
Party's Thunder."**

Washington, Dec. 19.—President Taft has turned over to the senate the task of completing the abrogation of the treaty of 1832 with Russia, because alleged discriminations against American citizens of Jewish faith. Ignoring the house of representatives, the president sent a message to the senate announcing that on Friday last he had caused notice to be forwarded to St. Petersburg that the United States desired the treaty to end January 1, 1913. This notification was officially handed to the representatives of the Russian government.

Mr. Taft asked the senate to ratify and give effect to his action. The foreign affairs committee of the senate voted unanimously to report a resolution of ratification, couched in diplomatic terms, and Senator Lodge offered it last evening in the senate.

There was every reason to believe that the resolution would be rushed through, inasmuch as the senate committee, as an act of courtesy to the house, had decided that the lower branch of congress should be asked to concur in the senate's action.

Senator Heyburn, of Idaho, however, took the floor and, after presenting vigorously against hasty action, asserted his right under the rules and by formal objection threw further consideration of the matter over until today.

Although it was evident that politics would enter into the fight today, the prediction is made freely that all obstacles will be overcome and that before the senate adjourns, the committee resolution would be put through as a substitute for the house resolution, which proved objectionable to the Russian government.

Democratic leaders, both in the senate and house, are determined to claim credit for the abrogation of the treaty. Senators Culberson of Texas and Hitchcock of Nebraska, the latter a member of the foreign relations committee, served preliminary notice to this effect in the senate. Senator Culberson accused President Taft of trying to strip the house of one of its prerogatives, and asserted that the president was trying to "steal the Democratic thunder."

In his message to the senate, President Taft transmitted a copy of the letter which American Ambassador Guild at St. Petersburg had transmitted to the Russian foreign office.

It was expressed the view of the United States that the old treaty no longer met the political principles or commercial needs of the two nations and should be terminated. The American government, with marked courtesy, suggested further that it would be most agreeable to this country if a new treaty, along more modern lines, could be negotiated to replace the ancient and outlived document.

Despite this overture the Russian government state department officials practically admit that there is little (Continued on page 11, col. 1.)

FREE ADVERTISING FOR NEWARK, O.

The Sandusky, Ohio, Star-Journal carries upon its first page a picture of Newark's Board of Trade sign and under the caption of "A Boomer Plan," says:

Here's a suggestion for Sandusky. Down at Newark they have a live board of trade which is doing much to boom the city and advance its interests. And it has the active support of business and commercial interests.

On the top of the tallest building in the city a huge electric sign has just been placed with letters four feet high and requiring in all 450 electric lamps. The board is in red. Soon a flasher is to be added and later the sign will be changed to read "Booster for Newark." The sign can be seen a great distance.

One beauty of it is that the sign and the current for its operation are furnished by the Tackling Light & Power Co. without any expense to the Board of Trade. It helps light up the city and also booms.

The Newark Board of Trade has issued a handsome book telling of the beauties and advantages of the city and giving many views. This book is sent to all who might in any way be interested in the city. C. H. Spenser of the Newark Advocate is president of the hustling board.

HEALTH HINT FOR TODAY.

Appetite Not a Necessity.
Dr. John R. Murlin of New
York, assistant professor of phy-
siology at the Cornell University
Medical college, in an article in
Outdoor Life, compares the
food we eat to the fuel used in
furnishing steam and power for
an engine. In selecting our food,
he says, we should eat enough
to furnish energy for the day's
work, but much more than this
is not needed. He holds that the
appetite is not a necessity
for good digestion. "There is no
fallacy of nutrition," he says,
"greater than that which sup-
poses that a food cannot be di-
gested and utilized without ap-
petite. Most of the food we eat,
fully four-fifths, goes to supply
energy for our everyday tasks,
while less than one-fifth goes to
supply building material."

What is the matter with the Boston-
ese? According to the report of exam-
inations made on behalf of the Boston
Board of Health 65 per cent. of the
children attending the public schools
in that city are defective.

Roubaix, France, is starving because
hobble skirts do not consume enough
dress goods to keep its woolen mills
running. And yet it is not claimed
anywhere that the high cost of living
has been perceptibly diminished be-
cause a woman only needs four yards
of goods for a skirt instead of eight.
What enormous prosperity would come
to Roubaix if fashion should decree
the hoop skirts of fifty years ago! The
French Government has already been
urged to apply pressure to the people
who decree the fashions.

Tainted packers, tainted meat.
Such, apparently, is the opinion of the
British War Office, which declines to
make a "poison squad" of the British
army by feeding it on the products of
the indicted Chicagoans.

Is Russia to be given to understand
that the treaty of '32 is to be read
backward?
It may be that Senator Lorimer is
being made to "walk the plank." But
it will require an athlete to walk a
plank of such great length.
There are business indications that
the activities of the U. S. A. in 1912
will not be entirely confined to the
nomination and election of a Presi-
dent.

To sell the wreck of the Maine for a
peep-show would be about as patrio-
tically appropriate as to sell the em-
ancipation proclamation for cheese-
wrappings.

some States a more useful Capitol ad-
junct would be a jail.

that the cost of government is a big
item in the cost of living.

**REGISTRARS TO

FOR TWO DAYS**

The registrars will be in session at
the various voting places in the city
on Friday and Saturday, December 22
and 23, 1911, from 8 a. m. until 2 p.

purpose of giving all voters who have
not registered, and who have moved
from their voting precincts since the
last election, an opportunity to regis-
ter before the local option election,
which is to be held on Saturday, Janu-
ary 6.

DRAWS OUT POISON

Marvelous Antiseptic That Draws
Glass, Wood and Needles From
the Flesh.

There never was known such a
powerful drawing ointment as San
Cura. Wherever it has been used it
has created astonishment. It drew a
needle out of the foot of the daugh-
ter of Mrs. James Hitchcock, of Cen-
terville, Pa., after the doctor had
used his lance and failed.
Nothing so healing or antiseptic
can be purchased today. It possesses
so much healing virtue that it is
guaranteed by Erman & Son to
quickly cure any kind of piles, ecze-
ma, tetter, salt rheum, boils, car-
buncles, ulcers, all kinds of chronic
sores, chilblains and chapped hands,
or money back.
It is a mighty handy remedy to
have in the house in emergencies,
such as bruises, burns, cuts or
scalds, because it kills the pain in-
stantly. It is a medicine chest in it-
self—a little family physician that is
ever in demand. 25c and 50c a jar

BEST SKIN SOAP
Is San Cura Soap, because of its
great antiseptic and healing virtues.
Use it regularly, and it will make the
skin soft and velvety; will remove

mothers or infants should remember.

**SIX GREAT POWERS JOIN IN
PEACE MOVEMENT FOR CHINA**

Shanghai, Dec. 19.—Promise of
peace in China became more definite
today with the announcement that
all the six great powers, Great Brit-
ain, Japan, the United States, Russia,
France and Germany, were united in
an effort to further the negotiations.
Representatives of the six na-
tions mentioned will according to the
announcement, offer their services
for mediation. From the present
session of the peace conference it is
evident that the continuance of the
Manchu rule is improbable. Wa Ting
Fang's early insistence upon the es-
tablishment of a republic is taken to
mean that Yuan Shi Kai is prepared
to concede the ending of the dynasty.
Even though the present dynasty is
overthrown the premier is said, hopes
to retain the imperial form of gov-
ernment, possibly with the present
emperor designated as the first ruler
and himself as premier. If the con-
vention decides upon an empire Yuan
is assured of the premiership, if a re-
public he will be the first premier.

**MOVEMENT WAS
INITIATED HERE**

Washington, Dec. 19.—To the Uni-
ted States belongs credit of bring-
ing about a conference of action in
China by the six powers. The Wash-
ington government initiated the
movement which has taken definite
form at Shanghai. The movement
was commenced upon the realization
of the necessity of preserving the in-
tegrity and unity of China but
whether this is accomplished under a
representative or imperial form of
government is not considered mat-
terial.

TELLING STORIES.

Don't try to tell a story to any
group or throng, if it is stale and
hoary, with whiskers two feet long.
For anecdotes blue mouldy give all
good men a pain, and show that you
should fold a wet towel on your brain.
Don't tell a story dippy, however good
it seems, to fellows who are busy with
their own private schemes. For men
you bore when telling are likely to
arise, their blood with anger boiling,
and say, "Go to, to anyone you know,
an anecdote that's shady—such stories
go to show that he who tells them's

**COSHOCTON
TO REGULATE
SALOONS**

Coshocton, O., Dec. 19.—At the close
of the local option campaign here re-
sulting in a "wet" victory, the Age, a
leading newspaper of Coshocton print-
ed the following editorial:
Temperance has won a signal tri-
umph.

Many good men and women have
felt that if in any way they recog-
nized the word "saloon" they were
forever damned. And they have been
told this by mischievous or ignorant
leaders. They have felt that the vote
against the Rose Law was to vote
against the church because some of
the churches sanctioned and en-
dorsed the Rose Law.

And yet the Rose Law has brought
more misery and degradation and
devility to this county than any other
measure ever in power.
The choice this year was not for
a man to vote "wet" or "dry." No
matter which way he voted, he voted
"wet." He either voted for the open
saloon or the bootlegger; there was
no "dry" ground, no matter how stren-
uously for personal reasons, leaders
endeavored to show such an issue.

Three years of Wayne B. Wheeler's
doctrine has been all that Coshocton
could stand and she discarded it with
an unmistakable voice.
The citizenship of this town has
given a personal guarantee that the
laws against the saloon excess would
be rigidly enforced. The time is ripe
now. Get busy. If a man starts a
saloon and has drunken or question-
able characters hanging around, do
not hesitate to file information or
complaint. The Citizens League is in-
corporated for that exact and sole
purpose and intends to do exactly as
pledged.

The first thing is to have ordinances
passed regulating the saloons. It is
too bad that Wayne B. Wheeler's
crowd knocked out the Dean Limita-
tion bill a year ago or we would limit
the number—had that bill passed to
20 saloons. And that is more than
plenty; it ought to be ten.
Make a strict and early closing hour.
Other businesses close early and a sa-
loon might just as well. We never
heard a good excuse for any man stay-
ing away from home and hanging
around a saloon. Make the punish-
ment fit the crime. Sunday closing
should be adamant, and an owner
ought not to be allowed under any ex-
cuse to have any friends or visitors
in his saloon on Sunday or after clos-
ing hours. The Age believes there
should be no screens. Let the council
get busy at once and frame stric-
ter ordinances. The Citizens League will
help all in its power. Let the mayor
instruct his police definitely that not
a moment's hesitancy may be felt in
obeying the very letter of the law.
Treat all alike and compel decency
and order. It can and must be done.
There are some men who have been
indicted during the Rose law years
for infractions of the law, bootleg-
ging and speakeasies; they ought not
be permitted to go into the saloon
business. Under the laws of the
State, however, they cannot be stop-
ped starting. They can be stopped
short, however, if they run a mean
place and disobey the laws.

There is no boys' play about this;
it is strictly business. And those who
sell liquor for a living must realize
that fact.
One thing more; scores of sound
people out in the townships voted
"wet" because they realized the hope-
lessness of the situation with the boot-
legger. The county seat by the aid of
their votes, rid itself of the pest, but
there is still danger of bootlegging
and the speak easy in the country.
The county authorities must be vigi-
lant and active to help the country
districts clean up. The bootlegger
must be run to earth wherever found.
The Citizens League must help clean
up the country as well as the city, to

**FIRE LOSS AT
UTICA ON GLASS
PLANT IS \$51,000**

Utica, Dec. 19.—After a careful in-
vestigation of the ruins of the Ad-
vance Glass company's plant here,
which was destroyed by an early
morning fire Sunday, Manager Fred
Woltjen places his loss at over \$50,000.
The loss includes the buildings de-
stroyed, the finished product ready for
shipment in the shipping room and
the raw materials and equipment.

About \$25,000 insurance was carried
on the plant in companies represented
by J. R. Warner, an insurance agent
of Newark. The companies and
amounts carried are as follows:
Globe and Rutgers, N. Y. \$1,500
Westminster Ins. Co., N. Y. 1,500
Continental Ins. Co., N. Y. 1,000
Home Ins. Co., N. Y. 5,000
Hartford Ins. Co., Hartford 2,500
Queen Ins. Co., N. Y. 2,500
Phoenix Ins. Co., N. Y. 2,500
Provident Ins. Co., Wash., D. C. 2,500
Ins. Co., of North Am. 3,500
Gentonia Ins. Co., N. Y. 1,000
Nassau Ins. Co., N. Y. 1,000

When asked by the Advocate re-
presentation regarding the company's
plans for the future, Manager Woltjen
stated that the directors were still un-
decided what would be done.
The plant may be rebuilt in Utica
or it may be removed to another town.
It is understood here that Newark is
making a strong bid to locate the fac-
tory here.

Alliance, Dec. 18.—Fire today de-
stroyed the plant of the Gem City Clay
Farming company at Sebring, entail-
ing a loss of \$20,000. It is believed
to have originated by the falling in
of a door of a kiln. The plant will be
rebuilt at once.

Up to date the motor vehicles that
have been registered by the London
County Council number more than

Silence!
The instinct of modesty natural to every woman is often a
great hindrance to the cure of womanly diseases. Women
shrink from the personal questions of the local physician
which seem indecorous. The thought of examination is ab-

of disease which surely progresses from bad to worse.

SOCIETY

One of the most interesting events in club life this fall was the lecture given under the direction of the Monday Talks, by Professor C. L. Williams of Denison University on Shakespeare.

The Monday Talks give a lecture annually and invitations are issued to all the members of the Federated clubs of the city. On Monday afternoon the lecture was given in the parlors of the Second Presbyterian church and Mr. James Wolfe of Greenville was also on the program with Prof. Williams.

The program opened with Mr. Wolfe singing "Orpheus With His Lute" by Charles Manney and "It Was a Lover and His Lass" by Hacker. Then Prof. Williams gave a most interesting and delightful discourse on the great poet and dramatist William Shakespeare. As the history of the drama is the subject assigned for discussion and study by the club members this year the professor dwelt principally on Shakespeare as a dramatist and his dramas.

Following the lecture Mr. Wolfe again sang his selections, being "A Gypsy Trail" by Claud Gahoway, "Slumber Boat" by Gaynor and "My Lady" by Thayer.

There will be no meeting of the Monday Talks during Christmas week as this is assigned on the calendar as the "holiday vacation."

Friends of Mr. Walter Rauch, a Bliss College student, were most delightfully entertained at his home on Western avenue by a card party in honor of the above mentioned college. The games were continued until a late hour when a dainty luncheon was served by Mrs. Rauch, assisted by her son Walter, also several beautiful selections were rendered on the piano by Mr. Edward Schaller. The party was adjourned at a late hour and the last few minutes were spent in congratulations of the success of the party.

A very pleasant surprise party was given on Mr. Herman Bennett on Saturday night. The hours were spent in playing cards and the prizes were awarded to Mrs. Haven, Mrs. Frank Haven and Mrs. William Haven. The guests present were Mrs. W. Hurbach, Mr. and Mrs. Frank Haven, and daughters Helen and Elizabeth. Mr. and Mrs. Lesco and daughter Azalea, Mr. and Mrs. Albert Banyard, Mr. and Mrs. Traeger and Mr. and Mrs. Dancos.

A number of the friends of Miss Grace Heinrich gave a surprise on her, the occasion being her fourteenth birthday anniversary. During Miss Heinrich's absence, the self-invited guests took possession of her home in West Locust street. The evening was informally spent and a delicious supper was served. The table's centerpiece was a birthday cake bearing 14 candles. The guests present were Leona East, Frances Rutledge, Virginia East, Frances Rutledge, Ruth Porter, Lillian Brown, Ruth Hart, Cleo McDonald and Josephine Jones.

The Ladies Diversion club will meet Wednesday afternoon of this week instead of Thursday at the home of Mrs. George Jones in Arch street.

The Sorosis club will not dance Wednesday evening at the Modern Woodman Hall. The event will be postponed until January 3.

The following invitations have been received by friends and members of the club:

PAUL-PEASE.
On Sunday evening at 5:30 o'clock Rev. G. Bohon Schmidt of the English Lutheran church united in marriage Mr. Edward Paul, foreman at the American Bottle company, and Miss Besse Peas of this city. The wedding came as a surprise to their many friends and a reception was held on Monday evening at the home of the bride's parents in Maple avenue. The young people will reside at home of the bride's parents for the present.

Suggestions for Christmas Gayeties

TRADITION and superstition have combined to make us believe that the veil between the seen and the unseen is slightly thinner at the Christmas season than at any other time. Spirits are supposed to return to their former abode at the jolly Yuletide season. All sorts of queer things happen, as we all know. The oxen kneel in their stalls, church bells can be heard wherever a church has stood; and all sorts of mystifying things are going on, if one has the eyes to see and the ears to hear them.

For this reason a ghost party is a very appropriate form of entertainment for the holiday season. The invitation should read:

The Shade of Miss Smith
is requested

At a Gathering of Ghosts

To Be Held— at —

Kindly come in your winding sheets.

The walls of the room in which the guests are received should be hung with white cheese-cloth, or covered with white tissue paper, and the lights should have white paper shades lined with blue. Alcohol burning here and there, to which a pinch of salt has been added, heightens the gruesome effect.

Each guest should be draped in a sheet and his or her head enveloped in a pillow case or fetching little cap. But the head should be entirely covered. A white mask should be worn, and white gloves. As each woman enters, the hostess says, "Sh-sh-h-h," which the guests, already assembled, repeat. On the arrival of each man, there are prolonged deep groans. No one speaks above a sepulchral whisper and if some one can occasionally contribute a graveyard cough, it adds to the thrills.

In the dressing room or as each enters the parlor, he is invested with some appropriate insignia—a dab of red chalk to suggest blood, a skull, a bone, a picture of a spade, anything, gruesome. By this they are known. Each is also given a card and pencil and at the sound of a bell slowly tolled, a certain time is allotted to discover the identity of each. When the time is up, the cards are dropped into a black covered box. The one who has guessed the greatest number correctly gets a prize. Also the one who has most cleverly concealed his identity.

If square dances can be walked through in a solemn, stately manner, or a waltz danced slowly to the most lugubrious music possible, it all adds to the fun.

Refreshments should be served rather early, for then sheets and masks are removed, and the evening is thenceforward enjoyed in the usual manner.

It is in keeping to have the refreshments carry out the idea of the white in the decorations as far as possible. The dishes used can be plain white; and sandwiches, using the white meat of chicken, angel cake, kisses, vanilla or other white ice cream, white mints and other white bonbons, will all help along the effect.

PULLMAN CASE BEING HEARD AT COLUMBUS

The case of the Pullman Car company against William Linke, ex-sheriff of Licking county, Attorney Frederick M. Black and Colonel Melville M. Gillett, is being heard in the United States Circuit court at Columbus. This case is the outgrowth of the attachment of the Pullman car "Eufala," about two years ago by Colonel Gillett. Attorney Edward Kibler, of the firm of Kibler & Kibler, is representing Black and Gillett in the trial of the case, while Attorney Fitzgibbon & Montgomery of this city are looking after the interests of Mr. Linke. Columbus attorneys are representing the Pullman Car company. In addition to the above named gentlemen, a large number of witnesses from this city went over to Columbus Tuesday morning. Attorney Roderic Jones of the firm of Jones & Jones is also in attendance at the trial, as one of the attorneys for the defense, Jones & Jones representing Sheriff Frank Slabaugh, who has the Pullman car in his possession at the present time.

Witnesses in Pullman Case.
Among these who were called to Columbus today as witnesses in the case of the Pullman Car company against William Linke, ex-sheriff of Licking county, which was set for hearing in the court Tuesday, were Charles Long, Harry Forlyce, M. P. Kelly, A. R. Clayton, Leonard Kelly, G. J. Mercer, I. Andrews, J. W. Hughes, D. E. Hay, W. T. Francis, and M. M. Rohrer. This is the case growing out of the attachment of the Pullman car "Eufala" by Col. Gillett, some two years ago.

A REGAL HEAD

How often do we hear or see this expression used in describing a beautiful woman!

Denude that head of hair and instead of a queenly, royal bearing we have a fright. The hair makes all the difference. To have that glorious abundance of radiant hair which always crowns a "regal head," one should use Newbro's Herpicide.

Herpicide represents the last word in scientific hair culture. It destroys the dandruff germ, checks falling hair and corrects generally, diseases of the hair and scalp.

The positive results and its delicate, but refreshing odor, recommends Newbro's Herpicide to ladies of refinement everywhere.

Daddy's Bedtime

The Story of the New Year's Bell

"THE night before New Year's they always ring the chimes," said Evelyn softly as the sound of bells rang out on the frosty air. "Why do they ring them then more than at any other time?" asked Jack.

"Oh, so we can know when the old year's done and the new year begins," replied Evelyn. "Anybody would know that."

Daddy laughed. "Well, that may be the reason now, but once upon a time they rang them to frighten the evil spirits away, just as the Chinese at their New Year's send off firecrackers and make all the racket they can."

"In old times people used to think that every bell had an angel, and when the bell ring out it was the voice of the angel speaking to the people. It told them when to come to church, to go to bed, to get up, sounded alarms, told of death in sad or gentle tones or of weddings in joyous ones."

"Long ago clocks were expensive, and even wealthy people did not have them. All the business of life was carried on according to the messages rung out by the church bells."

"The bells were named just like persons, and when a new bell was to be hung in a church it was baptized like a human being. In some cases the bell was dressed in a white christening robe just like a child."

"There were good bells and bad bells. The bad ones were never allowed to stay in the church tower long. If after a new bell was hung the people were bothered with a lot of bad fires or if there was a long spell of dry weather or every one had bad health it was blamed on the bell, and short work was made of it."

"Other bells were noted for the good they did. Stories were told of bells that drove away storms and sickness. People know better than that now."

"A bell that had the name of being unlucky was the famous czar bell of Moscow, the biggest bell in the world. It weighs 432,000 pounds and measures sixty feet around the largest part of the bell and twenty-one feet across the bell. It was made in 1723. In 1737 the building in which it hung was burned to the ground. For a hundred years no one bothered about it. Then it was raised to form the roof of a little chapel."

"The most famous bell in the world is perhaps that which hangs in the tower of the English house of parliament in London. It is known as Big Ben and weighs 30,000 pounds."

"To my mind, however, the finest bell of all is the old cracked one in the steeple at Philadelphia that rang out when the United States was born in 1776 and told the American people that they were free to make their own laws and live as free men and women should."

THE GREAT WHITE PLAGUE.

The Cure of Tuberculosis.

If consumption is discovered in its incipient state and the open-air treatment immediately begun a large experience has proven that seventy per cent or even more, can be cured, apparently, or "arrested." As the disease becomes more advanced, this percentage rapidly falls to twenty-five or twelve percentage until in far-advanced cases no cure or arrest can be expected. How supremely important it is, then, to seize the moment when the disease is at its beginning to commence treatment, knowing that such a large percentage recovers at this early stage, for it cannot be too often repeated that tuberculosis is one of the most curable of all chronic diseases.

SNOBISHNESS.

Men seek universities for four objects. These are the desire for friendship, knowledge, breadth and power. While they are all laudable motives, the preparation for service should dominate them. Unless considered as by-products of service the valuable time spent in the quest for them has been practically wasted. Thus the desire for knowledge as an end leads nowhere, and the man who studies only for marks and strives to become a mere encyclopaedia is rightly condemned by his fellow students. There are many political corruptionists today who hold college diplomas. The only way of insuring that education will result in power for good is to keep in mind constantly the ideal of service. A false sense of proportion acquired during college days often sticks to a man through life and has caused many a man to leave the path of usefulness for a life of vice and laziness. College snobishness, is one of the things which are ascribable to a false sense of proportion.—Rev. Anson Phelps Stokes.

MEETING OF THE BOOSTERS' CLUB OF OLD DENISON

Glee Club Rendered Pleasing Selection and Dr. E. W. Hunt Made Address — News of Granville.

Granville, Dec. 19.—An enthusiastic meeting of the Boosters' club of Denison University, which comprises the majority of the students of the college, was held in Sherwin Hall on Monday night. Denison songs were sung with spirit by all and the Glee Club Quartette rendered a number of pleasing selections. Dr. E. W. Hunt, who was present at the meeting, paid a distinct tribute to the work of the Boosters' club of last year when he attributed a great deal of the increased attendance to it. And, without doubt, not all the results have come out. The good such work does is to crowd the lecture rooms and laboratories and dorms until the equipment is secured. Among others who made remarks were Dr. Hundley, Professor Goodell, the latter giving the results of last year's Boosters' club. The enrollment of Denison shows 65 more than at this time last year, and as many as the complete enrollment for last year shows. There is an increase of 53 men over last year. The total registration of women is 239, of men 330. These apply only to literary departments. Great results are anticipated from the work of the Boosters' club of Denison.

One of the most delightful affairs of this semester was that of Monday night when the Sigma Delta Phi Sorority in honor of Mrs. C. D. Coons, who is soon to leave for Chicago, gave a delightful party at their chapter house. A large Christmas tree loaded with gifts both for the guest of honor and the sorority, was the special feature of the evening. Strangely appropriate Christmas toys made pleasing favors and the whole evening was marked with pleasure. Mary Stasel of Newark and Mrs. Pence were guests of the sorority.

The burning of the old chapel building of Shepardson College on March 1, 1900, destroyed what had been for a number of years the oldest educational edifice in the village of Granville. The grounds occupied by this building was purchased by Charles Sawyer in 1830 or 1832, and he began erecting the building in the latter year. It was a two story frame 50 feet front by 25 feet deep, having two front doors on the south side, opening into small halls from which stairs went up to the second floor. Back of the stairs were small cloak rooms. The lower floor was one large room, the upper floor being divided into two rooms, one of which was occupied by the primary department. Many changes were made in the building in 1889 by Dr. Shepardson. Many of the quaint little wooden chairs, originally used in the chapel, and later good service in the crowded dining room of the boarding house, are now to be found among the treasured relics in many a home of present and former Granvillians.

Prof. Bunyon Spencer will occupy the pulpit of the Mt. Vernon Baptist church next Sunday, both morning and evening.

Mr. and Mrs. D. C. Layton and daughter, Miss Gertrude, of Morrow county, who have been enjoying an extended visit here with relatives and friends, left for their home Monday evening.

While nearly all the students of the University are contemplating the pleasure that is in store for them during the Christmas holidays at their homes in different parts of the country, there will be a number of the boys who will be unable to go to their homes and will be compelled to remain in the village. To all these the people of Granville should do all in their power to make the day a pleasant one for them. If you know of a boy who is to remain in town on that day of all days, invite him to take dinner with you. It will drive away that lonesome feeling and you will have the consciousness of having done what you could to make at least one heart happy on Christmas.

Prof. C. L. Williams of Denison University, will occupy the pulpit of the Second Presbyterian church on next Sunday, both morning and evening.

Mr. and Mrs. L. F. Williams of Pittsburg, Pa., who have been visiting relatives and friends in Granville and vicinity during the past week, left for their home Tuesday morning.

Dandruff and Itching Scalp Yield to Zemo Treatment

Why should you continue to experiment with salves, greasy lotions and fancy hair dressings trying to rid your scalp of germ life. They can't do it because they cannot penetrate to the seat of the trouble and draw the germ life to the surface of the scalp and destroy it.

Why not try a PROVEN REMEDY? One that will do this. We have a remedy that will rid the scalp of germ life and in this way will cure DANDRUFF and ITCHING SCALP.

This remedy is ZEMO, a clean, refined, penetrating scalp tonic that goes right to the seat of the trouble and drives the germ life to the surface and destroys it.

A shampoo with ZEMO (ANTISEPTIC) SOAP and one application of ZEMO will entirely rid the scalp of dandruff and scurf. Do not hesitate, but get a bottle of ZEMO today. It acts on a new principle and will do exactly what we claim for it.

AMUSEMENTS
LAST NIGHT'S PLAY.
The attraction at the Auditorium
theatre on Monday night was "The
Squaw Man" and it was witnessed
by a very few people, probably due
to the fact that the approaching holi-
days have absorbed every other in-
terest.
"The Squaw Man" is the old star-
ring vehicle of William Faversham
and has been seen here before. The
company presenting it Monday night
was weak in many places and prob-
ably the absence of an audience
caused the play to be given with a
listlessness.
Carl W. Cook played the role of
the squaw man and pleased in the
character. Blanche Swigart made a
pleasing Diana and Thomas Davis
was clever in the role of the Indian
chief, as was Kenneth Miner as Bill.
Press Agent Says:
"THE BLUE MOUSE."
If your cousin, or aunt, or friend,
has been to New York, you may
learn what "The Blue Mouse" really
is. The New York papers called it a
success, old timers and first nighters
declared it a "scream without a
flaw." The late Clyde Fitch adapted
from the German farce of Alexander
Engel and Julius Herst much of the
original matter, but he gave it a
thorough white washing, so that
"The Blue Mouse" which will be
seen here at the Auditorium theatre
is a wholesome, laugh-provoker with-
out causing the sensation of uncom-
monness. The plays have created the
favorable attention bestowed upon this
farce. The cast is unusually large,
25 people being necessary to inter-
pret the various roles. Auditorium
attraction Christmas day.

ITALIAN-TURKISH WAR
PICTURES.
Italy's cavalry is known the world
over as composed of the most daring
and skillful riders in the world. The
pictures at the Auditorium the week
of December 17-23 show these fa-
mous horsemen in exciting maneu-
vers so daring that no other body of
men have ever attempted them. No
picture ever before presented con-
tains so much excitement and action
as this one; no other will hold an
audience so breathlessly waiting the
outcome of the rider's daring at-
tempts. Those who love excitement
cannot afford to miss this picture at
the Auditorium. Every afternoon
and night this week, commencing
Tuesday.
Grand Theatre.
Special at the Grand next Wednes-
day and Thursday. Arrah Na Pogue
in three reels. All scenes in this
thrilling and romantic Irish drama
were filmed in Ireland. Admission
Five Cents. Attend during the af-
ternoon and avoid the night crush.

Hartman Theatre.
At the new Hartman Theatre, Co-
lumbus, December 25-26, with a special
matinee Christmas Day, James K.
Hackett will be seen in Louis Evan
Shipman's dramatization of David
Graham's Phillips' most celebrated
novel, "The Grain of Dust," direct
from his three months run in Chicago
where it scored one of the greatest
hits in many seasons. "The Grain of
Dust" as a novel—it was first pub-
lished in the Saturday Evening Post—
had more readers than any other
story in many years. In Mr. Hack-
ett's supporting company is Mr. E. M.
Holland himself, well known as a
star, and who, in a joint starring en-
gagement with Mr. Hackett, played a
little one-act masterpiece called "The
Bishop's Candlesticks."
"The Spendthrift," a drama in four
acts by Porter Emerson Browne, the
author of "A Fool There Was" will
play a return engagement at the new
Hartman of three nights and a matinee,
beginning Thursday, December 28.
It is a pulsating, vital drama of Ameri-
can life of today. Its theme is ex-
travagance. Written by an observing,
skilful playwright who has just ar-
rived at the height of his power, it
emphasizes the almost criminal waste-
fulness which is a characteristic of the
daily lives of many persons.

GOOD GAME
OF BASKETBALL
WEDNESDAY EVE.

The best basket-ball game played
in Newark thus far this season will
be at Hickey's hall on South Fourth
street Wednesday evening, December
20, between the fast New Lexington

ers of basket-ball should not miss
this contest. The price of admission
is 25 cents. The game is called at
8 o'clock.
WAITRESS WHO
SAVED 1,000 DIMITES
GETS PROPOSALS
Denver, Dec. 19.—Deluged with let-
ters and postal cards and with Christ-
mas gifts coming in goodly numbers,
Miss Ivy Cole, a waitress in a local
cave, who saved 1000 dimes received
in tips within one year to buy a fur-
coat, is amazed at the attention her
frugality has attracted. She has re-
ceived letters and postal cards from
many parts of the country and propo-
sals of marriage from East, West, North
and South. Miss Cole began saving
all of the dime tips she received a year
ago last Thanksgiving day. One day
before Thanksgiving day of the pres-
ent year she had saved exactly \$100, or
1000 dimes.

It is Criminal
to Neglect the
Skin and Hair
THINK of the suffering
entailed by neglected skin
troubles—mental because
of disfiguration, physical be-
cause of pain. Think of the
pleasure of a clear skin, soft,
white hands, and good hair.
These blessings, so essential
to happiness and even suc-
cess in life, are often only a
matter of a little thoughtful
care in the selection of effec-
tive remedial agents. Cuti-
cura Soap and Cuticura Oint-
ment do so much for poor
complexions, red, rough
hands, and dry, thin and
falling hair, and cost so
little, that it is almost crim-
inal not to use them.

Although Cuticura Soap and Oint-
ment are sold by druggists and dealers
everywhere, a postal to "Cuticura,"
Dept. B, Boston, will secure a liberal
sample of each, with 32-page booklet
on Skin and Scalp Treatment.

FOUR KILLED IN TRACTION COLLISION

Kansas City, Dec. 19.—That the casualties in a collision between two cars, on the Kansas City-Leavenworth electric line at Wolcott, Kan., yesterday afternoon were only four killed and eight injured, was due to the heroism of Roscoe Agers, an employee.

Agers was in the smoking compartment of the southbound car when the two met, each going at about 35 miles an hour. The northbound car plowed its way almost through the other. As Agers crawled from the wreckage he noticed coals from the battered stove rolling down on the splinters, already smoking. He kicked the coals out and with his bare hands threw the hot pieces of the broken stove away into the fog. His hands were burned to the bone but he saved the wreckage from catching fire and burning those passengers who had not yet been released from the splintered cars.

A misunderstanding of orders is believed to have caused the collision.

The Dead.

Albert Lowe, Wolcott, Kan., motorman on southbound car.

Clyde Taylor, Kansas City, employee.

G. C. Royel, Kansas City, a dispatcher of the road.

Mason Woodland, Wolcott, Kan., a section hand.

The motorman of the southbound car failed to wait on the siding at Wolcott for the other car to pass and the two met one mile south of Wolcott.

FUCHS BROS. STOP YOUR XMAS WORRY

"The choosing of Christmas gifts is an easy thing at Fuchs Bros." said a satisfied shopper today, "because they have such a splendid selection of just the things one wants and at just the price one is willing to pay." And this remark will surely be echoed by everyone who visits this beautiful jewelry store at 16 North Park.

Fuchs Bros. handle the famous Durlinger cut glass and in such attractive pieces one cannot resist them. An especially fine line of bracelets are seen here, with the short sleeves so much in vogue all women are anxious for bracelets. Then the toilet sets—they are surely beauties and in great variety of designs for both men and women—always welcome gifts.

There are innumerable articles in sterling silver for all members of the family and dainty little articles of jewelry to satisfy every desire. Your Xmas worries will stop after a good look through Fuchs Bros.' beautiful stock. Their expert engraver can attend to all work promptly and most satisfactorily. You can also secure your Red Cross stamps of Fuchs Bros.

MR. FRANK E. HORN ACCEPTS POSITION

Little over a year ago, Mr. Horn completed a thorough business course under instructions of W. C. Worstell, after which he accepted a position with Ball-Fintz Co., as book-keeper and cashier where he remained for over a year, but tendered his resignation a few days ago and has accepted a better position with Burke Golf Shaft Co., of this city.

Mr. Horn was first to graduate and receive a diploma under instruction of W. C. Worstell, commercial teacher and author of actual business from the start, and the real banking course.

Young men, if you want to meet with such success as Mr. Horn, you should prepare to take one of those good positions that Mr. Worstell has in store for you.

Call at office 13 1-2 South Third street, and he will explain to you. Remember, book-keeper, or stenographer, that if your diploma of recommendation bears the signature of W. C. Worstell, you will always secure employment.

DEAFNESS CANNOT BE CURED by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, deafness is permanent.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Catarrh Cure. Send for Circulars free.

that the sender should always place his return card on all packages and letters.

A good deal of extra postage is required because people place Christmas stickers over the stung and edge of the paper and thus seal the packages, which of course must go at letter postage.

It is now permissible to write or place a sticker on all classes of mail matter, either written or printed. Please do not open until Christmas, or words to that effect which do not in any way change the class of the mail matter or the rate of postage.

The red cross seals or other Christmas stickers can be pasted on any side of the package for domestic mails without changing the rate of postage or effecting its class in any way, but care should be taken so as not to place these Christmas stamps over the stung or over the fold of the paper when same will require letter postage.

The postoffice will remain open a part of Sunday, December 24 and carriers will be on duty so that persons may call for their mail and especially for Christmas packages.

There will be one full delivery on Christmas day by the city carriers the rural carriers on Christmas day will make their regular delivery, this being the only holiday on which they are required to serve their routes.

Postmaster Heisey desires to impress it upon the minds of all that the mailing early of Christmas packages is very important because at this time the mails are so heavy that it is impossible to give the same railway service that is ordinarily given so that packages destined for long distances must be mailed early on the chances are that they will not be delivered in time for Christmas.

Young SAFETY Razor

"The any-angle razor"

\$2.50

The Young is a Safety Razor with the diagonal stroke of the old-fashioned straight razor

A touch of the finger turns the blade at any angle, so that the razor, when drawn across the face, in the same way as with any safety razor, cuts diagonally. You get this diagonal stroke unconsciously without any effort, and you get it, no matter what the position of your hand is, or what part of your face you are shaving.

A Safety Razor that is SAFE

The Young Safety Razor is best of all a safe razor. The blade is so guarded that it is a physical impossibility to cut the face or to shave too close. There are no exposed corners of the blade to cut the ear when shaving down the side of the face, or the nose when shaving the upper lip. The razor itself is small, nicely balanced, beautifully finished, the method of taking out and inserting blade, is the simplest ever devised. The outfit includes the razor, 12 keen blades and a holder for stropping. Strop the blades if you wish. It's easy. But new blades cost so little (only 75 cents for 12) that stropping is unnecessary.

30 Days Free Trial

All dealers are authorized by us to take back the Young Safety Razor and refund the \$2.50 if, after a 30-day trial, you are not satisfied. No charge for return. Young Safety Razor is a claim on it. If your dealer does not carry it, order it from us. It's the same return privilege.

LITTLE DONE BEFORE RECESS.

First Month of Session Unfruitful, as Usual.

TIME OF MEETING IS ABSURD.

Yet There Seems No Popular Interest In Changing It—Plenty of Activity In the Talk Line—How to Address High Officials—Desk Slamming Applause. How Straus Protected Americans.

By ARTHUR W. DUNN.
Washington, Dec. 19.—[Special]—Congress cannot "point with pride" to what it has accomplished during the two weeks and a half it has been in session previous to the holiday adjournment. For all practical purposes there might as well have been no session until after the 1st of January.

It is the same every year, but the proposition to change the date of the meeting of congress and the date of the inauguration never gets any support. It is true that very little opposition develops to these changes, but they do not interest the people, and the people have to be interested before there is a change in the constitution.

The few weeks of the session this year have been less profitable than heretofore because the time was not even devoted to a reorganization of the committees and organization of the new congress.

Talk Is Abundant.

There was plenty of talk, even more than usual. If it keeps up we may expect a very crowded Congressional Record. At the very outset members began making campaign speeches. The overburdened Record is already a daily evidence that a congressional campaign is approaching. House consumption speeches are filling the columns either when spoken to empty benches or under the "leave to print" concession. And the disposition last session to stop the latter practice has not been manifested thus far.

Uncle Joe Impatient.

Uncle Joe Cannon sometimes grows impatient over long winded discussions on the floor of the house and longs for action. The debate over the dollar a day pension bill which was before the house for several days was especially trying to him, for there was little to be said that has not been said before.

"Are they under the five minute rule now, Mr. Speaker?" (many address him by the title he had for eight years) asked a friend as Uncle Joe came from the house chamber.

"I don't know," he replied, "and from the looks of the house now I don't believe anybody knows. In fact, they don't act as if they knew any thing."

What to Call Them.

It is not considered as fair under the social precedents governing official life in the capital to address a member of the house as "congressman." He is called "Mr." whatever his name may be. But you should say "senator" when speaking to one from the upper branch, "Mr. Justice" if addressing one of the supreme bench and "Mr. Secretary," "Mr. Attorney General" or "Mr. Postmaster General" to a cabinet member.

The president is never anything but "Mr. President" unless it happens to be one of his Yale classmates, in which case, when one is likely to hear, "Hello, Bill!" But that is different.

Made the Passports Effective.

Oscar Straus of New York, former United States minister to Turkey, who appeared as a witness at the hearings before the house committee on foreign relations regarding the abrogation of the Russian passport treaty, said:

"When I was at my former post I once issued passports to some refugees whose way had been barred by the Turkish authorities, notifying the officials that they should be recognized without the usual formality of the seal of the secretary of state, or there would be trouble from Uncle Sam. Those refugees got through the port like lightning, and there wasn't any question of the abrogation of any treaties either."

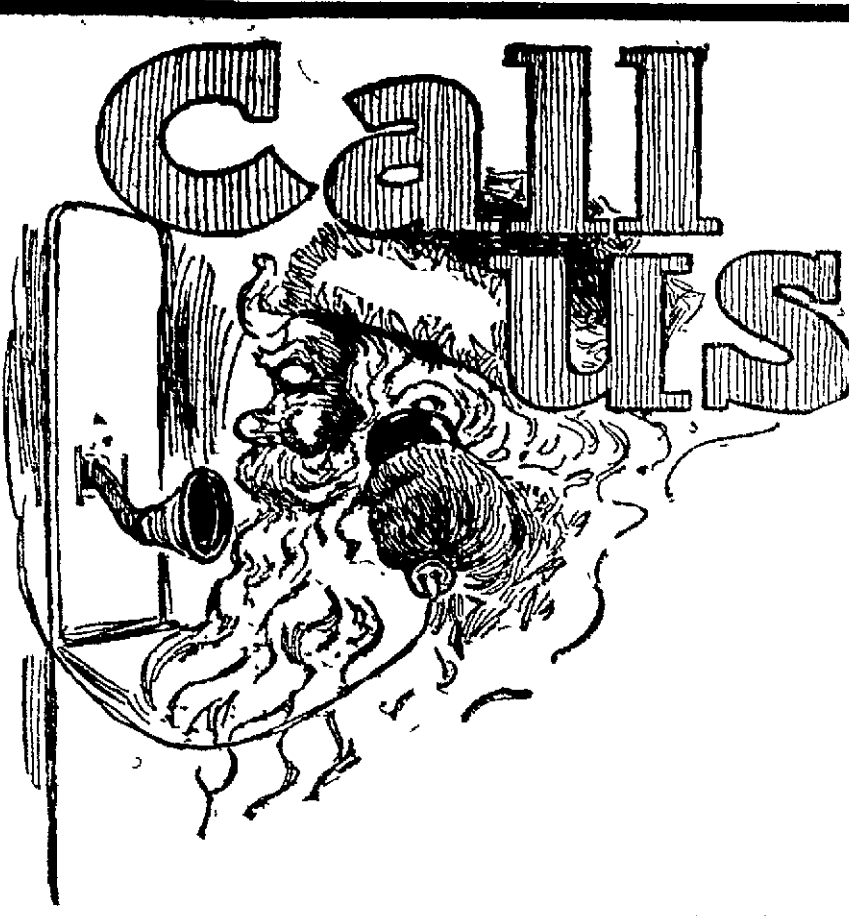

Methods of Applause.

The favorite form of applause on the floor of the house used by Representative Heflin of Alabama is to lift the cover of his desk with a firm grasp and slam it down in rapid and vigorous succession about six times. Representative Houston of Tennessee is one of a number of southern members who are fond of giving an imitation of the so called "tebel yell" when something meets with their approval.

One member has a skull whistle, which he blows vociferously, and the desk of many another bears the marks of his heels where he has kicked it during a burst of enthusiasm. But the hiss is hushed. One never hears it, except on rare occasions from the galleries, and then they are likely to be denied by the sergeant at arms.

Two Weeks Off Duty.

The holiday vacation taken by the senate and house is fixed by resolution, under agreement of representatives of both branches. This year the dates set are from Dec. 21 to Jan. 3. Senator Warren and Congressman Underwood chose the time of the adjournment.

Basketball Teams At Y. M. C. A. Making Excellent Progress

Just before Christmas the gymnasium classes are progressing with a great deal of vim, especially the high school class and the junior class. Thus far the different teams have played a short series of basketball games. The competition has aroused much enthusiasm and at present the championship is doubtful although they have many more games to play. The public is invited to witness the high school games in the Y. M. C. A. gymnasium on Monday and Thursday afternoon after school and the junior class has its games on Tuesday afternoon after school and on Saturday mornings at 9 o'clock. The following is the standing of the different teams.

OBITUARY

MR. WM. GILLESPIE.
Mr. and Mrs. G. W. Cordray, of West Main street, have received the sad intelligence of the death of Mr. Wm. Gillespie, which occurred in Franklin, Tenn. Mr. Gillespie has visited in this city several times.

MRS. J. P. MARLOW.
Mrs. Elizabeth Marlow, the estimable wife of Mr. J. P. Marlow, residing about one mile east of Granville, on the Newark and Granville road, died at her home at an early hour Tuesday morning after an illness of some time, aged about 64 years. Several months ago she was taken to a hospital in Columbus, where she was treated for a time, and it was thought that she had shown marked improvement in her condition. The deceased was born January 19, 1847, near Maxville, Perry county, O. She is survived by her husband, three sons and a daughter, one child dying in infancy. She was a devoted mother, a kind, sympathetic neighbor and a loyal friend. The funeral services will be held at the home on Centerville street, near Granville, on Thursday afternoon at 1:30 o'clock.

FUNERAL OF HENRY NETHERS.
The body of Henry Nethers, who died at the home of Jacob Amsbaugh, four miles east of Hanover, on Monday morning was brought to Newark Monday night and taken to the home of his daughter, Mrs. Jacob Hoffman, 222 E. Brighton avenue, where the funeral services were held Tuesday morning at 11 o'clock, conducted by the Rev. Robert Kilpatrick and the interment was made in Cedar Hill cemetery.

FUNERAL OF INFANT.
The remains of Andrew S., the infant son of Mr. and Mrs. William W. Snelling, who was found dead in bed Sunday morning, were taken to Brownsville Tuesday morning, where the funeral services were held at 11 o'clock, conducted by the Rev. Mr. Tyler and the interment was made in the Poplar Fork cemetery.

FUNERAL OF MRS. MAUD WOOLARD.
The funeral services over the remains of Mrs. Maud Woolard, who died Saturday night at the Sanitarium following an operation, were held at the late home of the deceased, 58 Burt avenue, Tuesday afternoon at 1:30 o'clock, and were attended by a large number of the relatives and friends of the deceased. The interment was made in Cedar Hill cemetery.

FULL CREW LAW VALID.
Washington, Dec. 19.—The constitutionality of the full crew act of Indiana regulating the size of crews on freight, passenger and mail trains, was upheld today by the supreme court.

BETTING ON ROOSEVELT.
New York, Dec. 19.—It has been learned that half a dozen small bets at odds of 5 to 1 have been made in Wall street in the last few days that Theodore Roosevelt would be the next presidential nominee of the Republican party and would be elected.

LEGAL NOTICE IN DIVORCE.
Pearl A. Williams vs. Homer F. Williams. Probate Court of Licking County, Ohio. The defendant, Homer F. Williams, whose place of residence is unknown, will take notice that on the 18th day of December, 1911, the plaintiff, Pearl A. Williams, filed her petition in the Probate Court of Licking County, Ohio, against the defendant, Homer F. Williams, charging him with extreme cruelty and gross neglect of duty, and an injunction, upon which an injunction has been granted, against said defendant. That said case will stand for trial in said court six weeks and one day from December 19th, 1911, within which time said defendant may answer or plead if he so desires, if no pleading is filed within said time, the case will be heard as upon default.

hope for negotiating a new treaty that would avoid the very things that were leading to the denunciation of the old one.
The United States, it was pointed out, would be treading upon dangerous ground in trying to arrange with Russia for a reciprocal agreement looking to the wider latitude in the rights of the citizens of the two countries.

Under the most favored nation clause of the treaties the United States has with other powers, any one of these could claim the right of entry for its citizens into the United States and there would be no such thing as restriction of immigration. State department officials do not believe that the heavy trade between the United States and Russia necessarily will be jeopardized by the abrogation of the treaty, although a tariff war is possible and Russia would have the right to exclude American ships from any of her ports.

According to the bureau of statistics, the value of imports into the United States from Russia during the present calendar year, will amount to \$14,000,000, principally in hides, skins and wool.

The value of exports from the United States to Russia during the year is estimated at \$24,000,000, showing a balance of \$10,000,000 in favor of the United States.

Russia also buys much American cotton in London, and with this included, the total value of American goods sent into the empire is estimated at \$35,000,000, a balance of \$21,000,000 in favor of the United States. The American experts are principally manufacturers of agricultural machinery and cotton.

The state department, it is believed, soon will attempt to open negotiations for a new treaty. It is difficult to forecast the shape that it will endeavor to give in the new pact which is the present treaty.

which recognizes rights of traveling residents. The favored nation clauses in nearly all of the American treaties with other countries will make it incumbent upon the negotiators to avoid any phraseology that would enable a nation of the third part to claim right of entry and residence in the United States for its citizens, regardless of color, religion, or condition.

walls which now exclude Oriental immigration.

Some state department officials believe that the problem thus presented is insoluble and that the only way that Russo-American commerce can be placed upon treaty basis will be through the complete omission of the new treaty of any article regulating the rights of citizens in the matter of residence and travel, which, after all, would fail to improve the conditions now complained of.

DECLARE WAR MAY BE PRECIPITATED

Philadelphia, Dec. 19.—That the action of the United States in abrogating the Russian treaty of 1832 today may precipitate a war with that country was declared by both United States Senator Heyburn of Idaho and Governor Mann of Virginia in speeches at the annual dinner of the New Jersey Society of Pennsylvania here last night. Senator Heyburn said that where the

cause was just he stood ready to follow the American passport into any foreign land with "our constitution, our flag and a cannon." He declared that no person should be permitted to enter this country and be naturalized for the purpose of making use of a passport abroad.

Governor Mann expressed his belief that the signs of the times point to a struggle with Russia in the near future, and he stirred the audience by announcing that if such conditions

ever came to pass he himself would be willing and ready to go out at the head of a regiment of Virginia soldiers.

"Whether it be President Taft or some other president, perhaps a son of New Jersey," said the governor, "this call will be responded to by Virginia, and I can say every state in the South. If necessary, I will go to the front and will also send my son. I say this merely to show the patriotism of the South and to prove that sectionalism is a thing of the past."

RUNAWAY BOYS ARE CAPTURED BY OFFICIALS

The three boys who ran away from the Children's Home last Saturday night, were captured by Probation Officer James Sheridan and J. C. Kueg, superintendent of the Home, Monday afternoon a short distance out from Vanatta, where they were found wandering about the country. The boys who were captured were Dewey Ramey, 14; James Johnson, 12, and Lloyd Rushon, 12. They were brought to Newark and taken before the Juvenile court and Dewey Ramey and James Johnson, who were charged with having committed other offenses at the Home, were sentenced to the Boys' Industrial school at Lancaster and were taken to that institution Tuesday by Probation Officer Sheridan. Lloyd Rushon, who had a clear record up to this time was discharged and returned to the Home on his promise not to give any further trouble.

Two young girls, Marvel Johnson and Minnie Good also of the Children's Home, were brought before the Juvenile court on the charge of incorrigibility. The charge was sustained and they were sentenced to the Girls' Industrial Home at Delaware, and were taken over to that institution Tuesday by Probation Officer, Mrs. Mary M. Miller.

LAST MEETING OF THE PRESENT CITY COUNCIL

New Legislative Body Will Assume Charge Jan. 1, 1912. Farewell Addresses of Officials.

The last meeting of the city council which has attended to the city's legislative affairs for the past two years was held Monday night at the council chamber and after all business was disposed of, including the killing of the Board of Trade's ordinance providing for the sale of the old gas plant property, President Orr called on retiring councilmen and city officials for remarks.

These officials took the opportunity as their last to have their "say" as public servants. Some of the members spoke in a joyful vein as though they were glad that the "strange" duties devolving upon them in their official capacities were at an end. Others thought the occasion was not one for celebration but that it was more in the nature of a "wake" a time for the shedding of tears and for mourning.

Others took occasion to laud the out-going council for its efficiency and intelligence and for a time the bouquets flew thick and fast. City Solicitor Bolton, accustomed as he is to addressing courts and juries, waxed eloquent and his speech was going nicely until he spoke of the present council performing its duties assiduously. This word caused some consternation at the reporters' table. It is a word not often used in the council meetings and for a minute the "shorthand" of the reporters failed them. They had forgotten the "word-sign" for assiduously and the solicitor considerably jocosely and the solicitor considerably the word in longhand. Mr. Bolton was anxious that the full speech be taken down verbatim as it was his last effort as city solicitor.

When Clerk McCarthy called the roll every member answered and after the routine of reading and correcting the minutes had been disposed of, the body waded into the accumulated business and disposed of it quickly. As a matter of fact the business had been "disposed of" in caucus and all that remained to be done was to get it on the records of council's proceedings.

The finance committee reported on a resolution referred to them several months ago and recommended the appropriation of a sum of money to engage the services of an assistant engineer in the work on the plans for the proposed subways.

The law committee reported favorably upon the ordinance authorizing the sale of the gas plant property, opposite the B. and O. station. This committee also reported on claims for damages made by Bruce Stewart, Geo. Vance and Charles Scott. The committee recommended settlement in the Vance and Scott cases but recommended that the claim of Bruce Stewart be rejected.

Service Director Christian reported the receipt of a communication from W. C. Cushing, engineer of maintenance of way of the Pennsylvania lines asking for an extension of time to March 1 in which to go over the subway plans. He recommended the extension of time as requested. The report was referred to the law committee. The director also reported the completion of the plans etc., for the construction of the Buckingham street paving from Granville to Ash streets, stating that the cost per foot front would be \$2.61. He also reported that he had declared it necessary to appoint a superintendent and foreman and five grave diggers to take charge of the work at the cemetery, as provided for by the statutes. The report stated that the terms would be for two years and that the superintendent would receive a salary of \$1,050 per year, the foreman \$780 per year and the grave men 22 2-3 cents per hour. All these reports were received and filed.

A communication from the Pennsylvania Engineer of Maintenance of Way W. C. Cushing, directed to the city council, was also read and filed. An effort on the part of Councilman Stare to have the extension of time asked allowed, failed as Solicitor Bolton offered the information that it was necessary to enter into a contract with the railroad companies and that it could not be done without an investigation.

An ordinance to transfer funds in the sum of \$1,166.50 to take care of an overdraft by the election board and the city solicitor was passed under suspension of rules.

The ordinance for the sale of the gas plant property was up for second reading and when Councilman Stare offered a motion to suspend the rules, read the ordinance the third time, the motion was lost. Mr. Stare was supported by Messrs. Baker and Irwin, while Messrs. Muenz, Prior, Stock and Elms opposed the suspension of rules. This kills the ordinance unless a special meeting is called, which is unlikely.

In speaking of the council's action last night, Secretary Wells stated that any action taken now would no doubt be too late for the use of the board of trade expected to put the ground to. He stated that since the board's proposition was now ineffective, the organization would urge council to clean up the ground, remove the unsightly junk and park the tract to improve its appearance. The measure will be brought before the new council for consideration.

A resolution was adopted directing the city solicitor to dismiss the injunction suit against the C. N. and Z. railroad. Another resolution to proceed with the construction of the sewer on Jackson street was also adopted. A sidewalk resolution providing for the construction of cement sidewalks on Granville street between Thirtieth and Sixteenth streets was adopted. This concluded the evening's business and President Orr called upon the retiring members for speeches. A

dozen officials who retire from office with the close of the year made short talks and others in the council spoke a few words, the speeches being followed by adjournment.

Consumption

Anyone interested in the cure of Consumption should get one of the booklets telling of recoveries by the use of Eckman's Alternative. Eckman's Alternative is the effective remedy. Read Mr. Knaply's statement. Saratoga, N. Y. "I was troubled with cough and expectoration. I also had a high fever. My case was declared consumption by my physician. I was given Cod Liver Oil, Creosote and other medicines, all without benefit. At Christmas time, 1908, I was not expected to live. Calling Dr. B. H. McCarthy, he advised the use of Eckman's Alternative, which I took with excellent results and was entirely cured. During the past year I have gained 15 lbs. in all weather and have had no cough or cold whatever. I give these facts to encourage others to use Eckman's Alternative." (Signed) ABRAHAM JAS. W. KANALY. JOHN BIGELOW DIED TODAY OF ADVANCED AGE

New York, Dec. 19.—John Bigelow, the veteran diplomat and author, died at his home here today at the age of 95. Three days ago he suffered a return of an ailment incident to advanced age and for more than two days suffered intensely. Several hours before death came a partial paralysis, and he lay smiling, being unable to speak.

At the bedside at the time of death were two of his four children, Major Bigelow and Miss Grace Bigelow. One of the first to be notified of the death was Andrew Carnegie, whose birthday was coincident with that of the aged man and the two were close friends.

Mr. Bigelow was at one time part owner of the New York Evening Post and for several years secretary of the state of New York. He was interested on the behalf of the United States government in various dealings with foreign countries and served in many capacities in historical societies in New York, Maryland and other states.

AN OLD-TIME REMEDY THAT DARKENS THE HAIR

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorized druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

BAIL GIVEN BY MAN CHARGED WITH THE BANK FAILURE

Mount Vernon, Dec. 19.—Harry N. Hills and T. S. Lybarger, the two men indicted for causing the failure of the Gambia bank last May gave bond for their appearance for trial yesterday when arraigned before Judge Seward in the common pleas court. The bond in each case was \$2,500, and was furnished by the two men. Mr. Hills had some difficulty in securing bail, but finally persuaded C. G. Cooper, of the Cooper Traction Engine Works to sign the bond. Hills' attorneys filed a motion before the court, asking for immediate trial of the case, but the motion was overruled. He may not be tried until February.

T. S. Lybarger mentioned in the above dispatch was for a short time a resident of Newark. He came here last August and established a small business for the manufacture of "Crisspot," a new idea in pop-corn fritters. The business was located in the Arcade and was later sold to Grit Anderson, who is now in the corner room of the Arcade, opposite the Western Union. Mr. Lybarger is a school teacher and he disposed of his business here to accept a position near Gambia as a teacher.
